PROFESSOR DE MUNN'S  
ONLY GENUINE

## HAIR RESTORER!

## DISEASES OF THE SCALP.

The skill of the medical faculty in treating diseases of the scalp has, in a majority of cases, been tested by this, the most peculiar disease—the human hair. I have examined and as it requires a steady, deep research and a careful investigation of the causes which produce the disease. Unless the cause is discovered, it is an utter impossibility to treat, cure the disease, and effect a permanent cure. Diseases of the scalp have been pronounced by some of the most eminent physicians, I have interviewed.

ASIN, New York.

PAUL DE MUNN: Two years ago my scalp became diseased, and my hair commenced falling out very fast. This disease spread until my scalp was one complete mass of scabs, and the hair was entirely broken off; the burning and itching sensation was insupportable; I would apply remedy after remedy, but only momentary relief. I consulted several physicians of this city, who informed me that the disease was incurable, and that there was nothing to be done. But you have come to the rescue. I read your advertisement and concluded to consult you. You assured me that you would eradicate the disease and restore my hair, which had become very thin. Within a week I placed myself in your hands, and the results are wonderful. The hair is now thick, my scalp is hardly sensitive, and my hair has ceased to fall out. Respectfully yours,

Mrs. SARAH GOULD, No. 117 South Pearl street.
